

Multiview drawing and sectional view construction. Variant 32.

Print exercise on A4 paper at a scale factor of 100%.

Axonomic projection - rectangular isometric of the detail is given (scale 1:1).

Task:

1. On drawing sheet of A4 size provide Front, Top and Left Side Views of the detail using scale 1:1.
2. Make a full section view instead of the Front View (cutting plane coincides with plane of symmetry of object).
3. Dimensioning detail.
